Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7
9.1 Do you make payments directly to home energy suppliers?
Heating Yes C No
Cooling C Yes C No
Crisis © Yes C No
Are there exceptions? O Yes O No
If yes, Describe.  All vendors who agree to accept LIEAP and CIP as payment of energy service must enter into an agreement with the county department of social services to accept it as payment in order to continue or provide heating or cooling service to the recipient household. This agreement meets all assurances requirements of Section 2605(7).
9.2 How do you notify the client of the amount of assistance paid?  The State requires that the applicant for CIP and for LIEAP be notified of the application and the amount of payment paid on his behalf to the vendor if approved. This is done via an automated form DSS-8107 for approvals and denials. If the application is approved or denied during the actual interview the Notification of Assistance is given to the client at that time. If the application is not approved at the interview the notice is mailed to the client at the time of the disposition of the application.
9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?  Once eligibility has been determined, an applicant is provided a system-generated Approval/Denial Notice (DSS-8107). If eligibility is approved, payment is submitted to the utility provider for the household. See attached Vendor Agreement
9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?  NC uses a Home Energy Supplier Agreement (DSS-8163) to ensure vendors do not treat recipients adversely. This contract ensures funds paid on behalf of the recipient are properly applied to the recipients' account to alleviate a heating or cooling emergency. The Home Energy Supplier Agreement meets all assurances in Section 2605(7).
9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?  O Yes O No
If so, describe the measures unregulated vendors may take.

### Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10) 10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds? North Carolina's Division of Social Services operates under a county administered, state supervised, system. The county DSS determine eligibility for client participation in the heating and crisis components of LIHEAP. Both state and county administrative costs of direct case work are charged directly to the appropriate program and supervisory, and overhead costs are allocated in accordance with the cost allocation plan approved by the Department of Health and Human Services, Division of Cost Allocation. NC DHHS fiscal/budget Division tracks in-house and sub grantee and administrative costs. Indirect costs are handled through cognizant agencies prior to the final indirect cost rate being developed. Expenditures on all components of the LIHEAP are recorded in the NC Div. of Social Services' accounting records by Fund, Cost Center and line item. Documentation for county expenditures (administrative costs, crisis and heating assistance) are maintained by the county finance officers. Documentation of State office expenditures are maintained by the NC Div. of Social Services accounting office. Applications for the crisis and heating component are taken by Dept. of Social Services personnel and additional State and local governmental entities or community-based organizations. The applications are processed by the county and are retained by the county. **Audit Process** 10.2.
