Agencies were created by either the Legislature or the Governor with input from the Office of Economic Opportunity. The OEO has adopted most of the *Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments* referred to as the "Common Rule". When a Subgrantee defaults or fails to comply with the terms of the award, the Office of Economic Opportunity shall either extend the geographic service area of an eligible entity when a designated entity

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating Yes No

Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

9.2 How do you notify the client of the amount of assistance paid?

During the intake process, eligible entities inform the client of the amount and give them a copy of the voucher created from the statewide database

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

The current bill is required during intake and must bear the client's name, service address, account number. This information is verified by government issued pictured ID. Large vendors allow the agencies to make the pledge on their web page. Payments to vendors bear the client's name and account number. Procurement policy attached.

The Vendor will accept the agency voucher(s) as credit for actual commitment/cash payment for the purchase of home heating fuel or cooling assistance. Vendors are to ensure credit and/or service to approved households within the designated program year. For fuel oil, propane and/or kerosene, the Vendor shall provide the eligible customer a quantity up to the value of the energy voucher but not to exceed the amount required to fill the tank. A delivery ticket must be submitted for actual payment remittance within 30 days of the delivery.

If the value of the quantity of fuel purchased by a customer is less than the value of the energy voucher, the Vendor shall credit the difference to the customer's account (non-emergency customers only). The credit balance on accounts that equals or exceeds the minimum delivery must be expended each consecutive month until the benefit is exhausted.

If the value of the quantity of fuel required/purchased by a customer is greater than the energy voucher amount, payment for the remaining balance due must be negotiated between the customer and the Vendor

The Vendor will only deliver fuel to the actual residence of the account holder or credit the account of the account holder as documented on the voucher.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

The attached State Plan includes the following language:

No differentiation is made based on the source(s) of household income. All sources of household income are documented on the Application for Program Services or in SC ROMA and then processed, reviewed and approved by an agency representative. Additionally, the State prohibits any difference in treatment to households because of their receipt of LIHEAP assistance. This prohibition is reflected on the application and the 2016 Vendor Agreement.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

12.2 How many of those fair hearings resulted in the initial decision being reversed? 0

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

The State adopted a uniformed statewide fair hearings process (attached).

12.4 Describe your fair hearing procedures for households whose applications are denied.

An OEO-approved Appeal and Fair Hearing notice must be posted in the lobbies and at intake sites where LIHEAP applications are taken. OEO verifies this during the monitoring process and the submission of the Work Plan for LIHEAP. Denials: Clients who assert being unfairly treated and/or denied assistance and/or services must be informed in writing or at the time of application of the reason for denial. If not resolved by the Program Coordinator within a reasonable time, the client is to be provided an opportunity to appeal/request an official hearing. Examples - A Notice of Denial will be issued when: applicant is refused access to services and financial assistance; applicant does not fulfill his/her obligations to program participatory requirements or exceeds the 150% income eligibility requirement; applicant does not provide sufficient information to complete his/her application or has knowingly provided false and/or misleading information; applicant has maxed out his/her eligibility for program assistance during the program year; funds are exhausted; applicant has not met the time restraints on program availability (e.g. between LIHEAP heating and cooling periods).

Applicants whose applications are not processed in a timely manner are notified in writing or at the time of application of the right to a Fair Hearing. OEO will provide training and technical assistance to agencies whose applications fail to be processed.

If the appeal is denied at the Community Action Agency, an escalated plea can be submitted to the Office of Economic Opportunity. Finally, if the appeal is further denied by the Office of Economic Opportunity, a concluding petition can be made to an appellate court in the State of South Carolina.

12.5 When and how are applicants informed of these rights?

An OEO-approved Appeal and Fair Hearing notice must be posted in the lobbies and at intake sites where LIHEAP applications are taken. The State verifies the posting during monitoring. In addition to the notice posted at each intake site, the fair hearing notice was added to the statewide application. If applicants issue complaints to the state, we inform them of their rights, also.

Denials: Clients who assert being unfairly treated and/or denied assistance and/or services must be informed in writing or at the time of application of the reason for denial. Such notification must clearly cite the reason for denial. If not resolved by the Program Coordinator within a reasonable time, the client is to be provided an opportunity to appeal/request an official hearing.

Examples - A Notice of Denial will be issued when:

- * applicant is refused access to services and financial assistance
- * applicant does not fulfill his/her obligations to program participatory requirements or exceeds the 150% income eligibility requirement
- * applicant does not provide sufficient information to complete his/her application or has knowingly provided false and/or misleading information
- * applicant has maxed out his/her eligibility for program assistance during the program year
- * funds are exhausted
- * applicant has not met the time restraints on program availability (e.g. between LIHEAP heating and cooling periods)

Applications Not Acted On In a Timely Manner

Applicants whose applications are not processed in a timely manner are notified in writing or at the time of application to the right to a Fair Hearing. OEO will provide training and technical assistance to agencies whose applications fail to be processed.

12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.

Applicants whose applications are not processed in a timely manner are notified in writing or at the time of application of the right to a Fair Hearing. If applicants issue complaints to the state, we inform them of their rights, also.

12.7 When and how are applicants informed of these rights?

If applicants issue complaints to the state, we inform them of their right to a hearing and we inform the executive director of the complaint and require an update when completed.

Denials: Clients who assert being unfairly treated and/or denied assistance and/or services must be informed in writing or at the time of application of the reason for denial. Such notification must clearly cite the reason for denial. If not resolved by the Program Coordinator within a reasonable time, the client is to be provided an opportunity to appeal/request an official hearing.

Examples - A Notice of Denial will be issued when:

- * applicant is refused access to services and financial assistance
- * applicant does not fulfill his/her obligations to program participatory requirements or exceeds the 150% income eligibility requirement

- * applicant has maxed out his/her eligibility for program assistance during the program year
- * funds are exhausted
- * applicant has not met the time restraints on program availability (e.g. between LIHEAP heating and cooling periods)

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

Goal 1: Subgrantees Performance Target Outcomes will project increase in outreach to unserved households during the Program Year.

Measure: Subgrantee Work Plan initial projection(s) will document increase in service to previously unserved households. Client files will substantiate.

Goal 2: Target energy assistance to low-income households with the highest home energy needs and lowest incomes, taking into account both the energy burdens and the vulnerable household members.

Measure: Direct Assistance to provide additional financial benefits for vulnerable households; households with children age 5 and younger, elderly, disabled and income 100% FPL.

Measure: Ratio of percent of vulnerable households served to the percent of all.

Goal 3: Increase efficiency of energy usage by applicant households.

Measure: Number of LIHEAP recipient households weatherized.

Measure: Reduction in the number of repeat LIHEAP households requesting regular assistance in consecutive years.

Measure: Number of referrals to other programs and services.

Measure: Client files to validate receipt of education requirement.

Goal 4: Identify resources to broaden the reach of LIHEAP funds.

Measure: Project Share fund balances will reflect agency use of those funds when possible.

Measure: Applicant files will reflect use of local resources when possible.

Measure: Applicant files reflect vendor negotiations which permit clients to pay energy bills.

Measure: Applicant files will reflect the use of other funds to pay client utility bills when possible.

Goal 5: Address inefficient home heating/cooling systems through repair and or replacement. Recommend Subgrantees work through the Weatherization program to ensure efficiency in output.

Measure: Reduction in the number of households requesting assistance with high home energy costs in consecutive years.

Measure: Improved coordination and program service delivery through whole house weatherization concept resulting in energy efficiency output.
