1.4 Do you consider households categorically eligible if one household member receives one of the following categories of benefits in the left column below? Yes No

If you answered "Yes" to question 1.4, you must complete the table below and answer questions 1.5 and 1.6.

	Heating	Cooling	Crisis	Weatherization

1.5 Do you automatically enroll households without a direct annual application? Yes No

If Yes, explain:

During applications and reviews, all clients are asked if they want to be evaluated for LIHEAP. If a client chooses to be evaluated then the data system eRAPIDS will send out a pre-authorization evaluation form. If the client returns this form to their local Department of Health and Human Resources, then they will be evaluated for an automatic payment

1.6 How do you ensure there is no difference in the treatment of categorically eligible households from those not receiving other public assistance when determining eligibility and benefit amounts?

This is ensured as a client that is not categorically eligible will receive the same application and time frame as a client that is categorically eligible. Benefit levels are programmed into a computerized system and are based on income, size of household, and cost of energy. Distinction is made regarding the applicant's categorical or non-categorical status. Receipt of other benefits are considered in determining eligibility for LIHEAP benefits. Benefits for crisis payments are based solely on the above criteria plus the presence of an immediate need for home heating and lack of resources to meet the emergent need. All applicants must submit a signed form for heating benefits and all crisis applicants must be interviewed.

SNAP Nominal Payments

1.7a Do you allocate LIHEAP funds toward a nominal payment for SNAP households? Yes No

Section 2 - HEATING ASSISTANCE

ADMINISTRATION FOR CHILDREN AND FAMILIES

OMB Clearance No.: 0970-0075
Expiration Date: 06/30/2017

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 2 - Heating Assistance

Eligibility, 2605(b)(2) - Assurance 2

2.1 Designate the income eligibility threshold used for the heating component:

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	HHS Poverty Guidelines	130.00%

2.2 Do you have additional eligibility requirements for HEATING ASSISTANCE? Yes No

2.3 Check the appropriate boxes below and describe the policies for each.

Do you require an Assets test ? Yes No

Do you have additional/differing eligibility policies for:

Renters?	<input type="radio"/> Yes <input checked="" type="radio"/> No
Renters Living in subsidized housing ?	<input type="radio"/> Yes <input checked="" type="radio"/> No
Renters with utilities included in the rent ?	<input checked="" type="radio"/> Yes <input type="radio"/> No

Do you give priority in eligibility to:

Elderly?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Disabled?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Young children?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Households with high energy burdens ?	<input type="radio"/> Yes <input type="radio"/> No
Other?	<input type="radio"/> Yes <input type="radio"/> No

Explanations of policies for each "yes" checked above:

AG's that have utilities included in the rent but are not billed separately for a heating cost are not eligible for LIHEAP. If a client applies for LIHEAP and indicates their utilities are included in their rent, the worker requests verification of those said utilities. This can be done via phone call, rent receipt, lease, contract, etc.

Elderly and Disabled age 60 and over along with young children under the age of 6 are considered Categorically eligible.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

Benefit levels are programmed into a computerized system and are based on income, size of household, and cost of energy. Distinction is made regarding the applicant's categorical or non-categorical status. All applicants must submit a signed form for heating benefits.

Vulnerable members are prioritized by heating terminations, age, disability, and documented health issues. We have smaller grants with Community Action Agencies. These CAA's go out into our more rural areas and help our vulnerable population complete the applications. The CAA's will then either mail or deliver the applications to the local DHHR offices.

2.5 Check the variables you use to determine your benefit levels. (Check all that apply):

- Income
- Family (household) size
- Home energy cost or need:
 - Fuel type
 - Climate/region
 - Individual bill

Dwelling type

Energy burden (% of income spent on home energy)

Energy need

Other - Describe:

A reference table is in our data system. This table is used for regular LIEAP only. For example a household of one would be eligible for a base payment for regular LIEAP as indicated on the Martix attached. If the house hold of one has no income the base payment is \$200. Their fuel source of electric for example. Our data system calculates the \$200 base payment times the multiplier for elecric which is 1.144 so the client would receive \$223.00 for regular LIEAP.

Benefit Levels, 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.6 Describe estimated benefit levels for FY 2016:

Minimum Benefit	\$100	Maximum Benefit	\$500
------------------------	-------	------------------------	-------

2.7 Do you provide in-kind (e.g., blankets, space heaters) and/or other forms of benefits? Yes No

If yes, describe.

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	HHS Poverty Guidelines	130.00%

4.2 Provide your LIHEAP program's definition for determining a crisis.

West Virginia treats all crisis situations the same where intervention is made almost immediately but the State understands the LIHEAP stature of the two differnt crisis situations and is providing the information to comply. An emergency home heating need is defined as being without or imminently faced with the prospect of being without home heating and being without the necessary resources to obtain or maintain home heathing. A disconnect notice for the utility is required. No later than 48 hours after a household applies for energy crisis benefits, some souce of assistance will be provided to resolve the energy crisis if such household is eligible to receive such benefits.

4.3 What constitutes a life-threatening crisis?

In a life-threatening crisis, no later than 18 hours after a household applies for crisis benefits, some source of assistance will be provided to resolve the energy crisis if such household is eligible to receive the benefit. Being without or imminently faced with the prospect of being without home heating and being without the necessary resources to obtain or maintain home heating. A disconnect notice for the utility is required. Life-threatening factors include: extreme weather that includes power outages over 4 hours, medical needs which include being on oxygen or a doctors statement could be required to prove a medical conditin that isn't obvious and vulnerability of the applicant which includes age, disability or handicap.

Intake workers contact utility companies to verify extreme weather and length of power outage. This is documented electronical in our case comment section of our data system.

Crisis Requirement, 2604(c)

Eligibility, 2605(b)(5) - Assurance 5

5.6 Do you require an assets test? Yes No

5.7 Do you have additional/differing eligibility policies for :

- Renters** Yes No
- Renters living in subsidized housing?** Yes No

5.8 Do you give priority in eligibility to:

- Elderly?** Yes No
- Disabled?** Yes No
- Young Children?** Yes No
- House holds with high energy burdens?** Yes No
- Other?** Yes No

If you selected "Yes" for any of the options in questions 5.6, 5.7, or 5.8, you must provide further explanation of these policies in the text field below.

AG's that have utilities included in the rent but are not billed separately for a heating cost are not eligible for LIHEAP. If a client applies for LIHEAP and indicates their utilities are included in their rent, the worker requests verification of those said utilities. This can be done via phone call, rent receipt, lease, contract, etc.

Elderly and Disabled age 60 and over along with young children under the age of 6 are considered Categorically eligible.

Vulnerable members are prioritized by heating terminations, age, disability, and documented health issues. We have smaller grants with Community Action Agencies. These CAA's go out into our more rural areas and help our vulnerable population complete the applications. The CAA's will then either mail or deliver the applications to the Office of Economic Opportunity offices.

If you selected "Welfare Agency" in question 8.1, you must complete questions 8.2, 8.3, and 8.4, as applicable.

8.2 How do you provide alternate outreach and intake for HEATING ASSISTANCE?

LIHEAP is a separate intake process, mostly by mail. Outreach is accomplished with a mail-out application packet. The application form may be mailed to the local DHHR office or taken to a Community Action or Area Agency on Aging office or center for assistance. CA and AAA volunteers make home visits to reach those clients who are disabled and/or homebound. An automatic LIHEAP payment option offers added convenience for eligible households.

8.3 How do you provide alternate outreach and intake for COOLING ASSISTANCE?

NA

8.4 How do you provide alternate outreach and intake for CRISIS ASSISTANCE?

PSC-regulated energy provider's use billing notice inserts to let customers know when LIHEAP crisis funds are available and refer them to DHHR. CA and AAA personnel make referrals to DHHR when clients request help on heating bills and/or weatherization.

8.5 LIHEAP Component Administration.	Heating	Cooling	Crisis	Weatherization

If any of your LIHEAP components are not centrally-administered by a state agency, you must complete questions 8.6, 8.7, 8.8, and, if applicable, 8.9.

8.6 What is your process for selecting local administering agencies?

These are DHHR offices and employees are eligibility workers. OEO has a sub grant from their weatherization grant that handles the Community Action agencies.

8.7 How many local administering agencies do you use? 54

8.8 Have you changed any local administering agencies in the last year?

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating Yes No

Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

Some of the home energy suppliers are vendors in our data system. If they are vendors we can pay them instead of paying the clients directly for the services.

9.2 How do you notify the client of the amount of assistance paid?

The benefit-issuance system generates an approval letter to the client with the amount of assistance being sent to the home-heating vendor. Clients are notified no later than 30 days after application.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

Lanugage was added to the On-Line Voucher Agreements and Understandings Payment Voucher (OFS-67), making the vendor agreement obsolete. These agreements pertain to the crisis component.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

The vendor's simply accept the LIHEAP payment just like they would accept payment from a client that is not getting any public assistance. The clients are not coded differently in their vendor system to give special treatment of any kind. Our data system creates a payment file and when refunds are necessary vendors return LIEAP funds back to the state auditors office. Vendors have a direct line of communication with the auditors office to resolve any issues.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

Direct payments are generally made to clients who use bulk fuel unless crisis funds are involved. In a crisis situatin, vendor payment is preferred unless the client must self-deliver in partial amounts and no vendor is willing to set up such "credit" accounts

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

Federal funds awarded to West Virginia are committed and identified in the WV OASIS (Our Advanced Solution with Integrated Systems) LIHEAP customer payments are also entered into OASIS and daily payments are tracked and monitored to determine that expenditures do not exceed amounts awarded. The state's Recipient Automated Payment and Information Data System (RAPIDS) is the benefits issuance data processing program that workers access to determine customer eligibility for LIHEAP. The system provides individual approvals and daily batch approvals which allows for dual controls. Benefits approved in RAPIDS can be compared to OASIS payments to utility companies, bulk fuel providers, etc.

Weatherization funds are not transferred to other state agencies. Office of Economic Opportunity runs the weatherization program for WV. They are allotted 15% of the total grant funds.

The WV DHHR Finance department tracks all fundings spent for this grant. This includes refunds, weatherization, administration, heating assistance, crisis and carryover.

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

None

12.4 Describe your fair hearing procedures for households whose applications are denied.

Applicants who indicate they want a fair hearing receive a form on which they must indicate whether they want a pre-hearing conference or a fair hearing or both. Requests must be made within 60 days of the denial, and the Hearings Officer must render a decision within 60 days of the hearing. In most cases, the issue is resolved in a pre-hearing conference. The applicant is informed of his rights to a fair hearing at the time of application and when he is notified of the decision made on the application. A poster at each agency office informs applicants of these rights.

Weatherization applicants are entitled to a fair hearing by the sub-grantee agency.

12.5 When and how are applicants informed of these rights?

Weatherization applicants are entitled to a fair hearing by the sub-grantee agency.

12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.

Applications for LIHEAP benefits are required to be processed within 30 days of receipt of the application by DHHR. Clients may request a fair hearing when this processing is not done timely. As with denials, a pre-hearing conference usually resolves the issue.

Weatherization applicants are informed that there are very long waiting lists for assistance and it may take 2-3 years to get to them. Rejected applicants must be notified within 10 days and given the reason for the rejection. Approved applicants are kept informed as to the status on the waiting list and an approximate date for completion.

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

West Virginia will collect and report on LIHEAP performance measures data to ensure we are targeting and serving bill payment assistance to households with the highest energy costs in relation to income. We will concentrate on restoration or prevention of loss, energy source, energy burden, income and imminent risk of running out of fuel. West Virginia has defined "Imminent Risk" as being without, disconnected, or within 3 days of being without heat.

The eRAPIDS system currently collects annual household income, annual LIEAP benefit, and main fuel type.

We are currently in the process of updating our eRAPIDS system to collect the remainder of the needed data. This will be up and running by 10/1/15. We will then collect the data for restoration, prevention, electric source information, annual household bill for main fuel bill and electric bill.
